

2023 Cyber Insurance Market Report

Ever-changing technology, increasing reliance and heightened culture of innovation and growing attacker sophistication has continued to drive up both the frequency and severity of cyber incidents. Here are some of the developments and trends to watch.

National Safety Month

As a Franchise owner, you owe it to your employees to keep them safe. Maintaining a safe workplace preserves a positive workplace culture, reducing the risk of accidents and minimizing the risk of costly liability lawsuits — while helping you protect your positive reputation.

Discover the ways your business can help keep employees safe this National Safety Awareness Month and beyond by viewing our safety tips. Contact me at the information below to learn how Workers' Compensation coverage can help protect you, your employees and your business.
